

VILLA ON PEACE MISSION TO SONORA GOVERNOR

With Obregon, He Starts Unarmed
to Induce Maytorena to Cease
War on Carranza's Men.

EL PASO, Tex., Aug. 27.—Gen. Villa and Obregon left early today on what they termed a mission of peace, designed to settle the disturbances in Sonora, where a revolution against the Carranza central government has been started by Gov. Maytorena. They crossed the international boundary in a special train with their staff officers and a small unarmed escort. The two Mexican generals were entertained yesterday by Gen. Pershing, the commander of the American troops at Fort Bliss, Tex.

The train will stop first at Douglas, Ariz., opposite Agua Prieta, where the Carranza forces established themselves after evacuating Nogales, leaving Maytorena's Indian troops in possession. After a conference with officials there Villa and Obregon will proceed to Nogales to confer with Maytorena. An escort of American soldiers accompanied the train.

WASHINGTON, Aug. 27.—Paul Fuller of New York, President Wilson's personal envoy to Mexico, will return to confer with the Constitutionalists, it was learned here today. Fuller continues to be prominently mentioned for the ambassadorship, together with Frederic Coudert and John Lind.

Huerta Lands in Spain. SANTANDER, Spain, Aug. 27, via London.—Gen. Victoriano Huerta, until recently Provisional President of Mexico, landed from a steamer here today. He will proceed shortly to Asturias.

HOUSE CAUSED THE DELAY.

Official Answer to Mann's Criticism on Registry of Ships.

WASHINGTON, Aug. 27.—In reply to the charge of Republican Leader Mann that the Administration had been too slow in revising the navigation regulations, in accordance with the new ship registry law, White House officials today declared the delay had been caused by the House holding up the war risk bill.

It was said that James A. Farrell, President of the United States Steel Corporation, owned the firm which will transfer its ships to American registry, has sent word to President Wilson that without war risk the new ship registry is almost useless.

When Consumption is Curable

Every case of Tuberculosis passes through its curable stage, which is often of a year's duration—plenty of time to be cured, if the disease is only recognized and properly treated before the incurable stage overtakes the patient. If you fear that there has been failure to correctly diagnose or understand your case, call on Dr. Anderson, Specialist in Throat and Lung Diseases, and an expert in diagnosis by special X-ray examination.

He discovers the very earliest signs of throat or lung trouble while the disease is yet in its curable stage. Investigate his treatment and find out your real condition by expert diagnosis. Consult Dr. Anderson. It costs you nothing to find out for yourself, because office consultation and examination are given without charge. Dr. Anderson, Specialist, 50 West 22d st. (between 5th and 6th avenues), New York.

Hours: Daily, 10 to 4; Monday, Wednesday, Friday evenings till 8 o'clock; Sundays, 11 to 2. Valuable book on Tuberculosis sent to any address.

I WISH you would ask me to write an advertisement to the young men just going into their first long trousers.

I would tell them that here at Best's those first man-shape suits have had as much thought in the making as the boys will ever give to the wearing of them. They are positively *not* designed as cut-down men's sizes—every consideration has been given to the proportions of legs and arms and waist and hips and chest. They fit the young fellow's *ideas* of how his suit should fit his make-up.

Also I would remind them that they will be waited on intelligently by men who have "been there" themselves and haven't forgotten it, either.

The Doctor's ADVICE

By Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature. Those wishing further advice, free, may address Dr. Lewis Baker, College Building, College-Eliwood Sts., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but initials or fictitious names will be used in no answer. The prescriptions can be filled in any well-stocked drug store. Any druggist on order of wholesaler.

Q. I. asks: "I have tried to cure dandruff, itching scalp, falling hair and baldness, with numerous tonics, etc., but in vain. What do you recommend?"

A. Answer: I have been recommending plain rice bran for the past seven years and scores of my patients are delighted with the quick, pleasant action of this remedy in stopping itching, falling hair, dandruff, etc. It gives the scalp better blood and vigor and nothing else does. Obtain 4-oz. jar with full directions.

Q. M. M. writes: "Can you please prescribe medicine which will relieve me of such distressing symptoms as indigestion and heartburn as follows: Pains in the small of back, nervous in region of stomach and bowels, cold at night, but scanty flow, with pain, burning and foul breath, taste and vision all failing. I will thank you to prescribe for me."

A. Answer: Three-grain sulphur tablets (not sulphur) are most effective in relieving indigestion, heartburn, the blood and removing the symptoms of indigestion. It gives you to begin taking a few directions with each sealed package.—Advt.

Mr. L. C. B. asks: "Do you think it is possible to reduce my weight from 260 pounds to about 100 pounds?"

A. Answer: It is impossible to say just how much one can reduce until after trying, but five-grain arsenic tablets should be used according to directions with each sealed tube, obtainable at most any drug store. If the result is unsatisfactory you should easily reduce as desired.

J. R. O. asks: "I am thin, angular, weak and tired. What can I take to improve my health, strengthen my nerves, and increase my weight about 20 pounds?"

A. Answer: Take regularly with your meals three-grain hypo-phosphoric tablets, sold in
